

Election Set For Today

The South B'nai B'rith Women's Chapter 727 will hold its annual election of officers for the coming year when they meet Thursday, April 28, 8:30 p.m. at the Gardena Community Center, 1615 Market St. Committees will be formed for the various duties entailed for the installation dinner, to be held at Chalon's restaurant, 1455 West Manchester, Sunday, May 22, at 7:30 p.m. Reservations may be made by

contacting Mrs. Bernard Snitzer, 2720 West 174th street, Torrance.

Mrs. Frank Weir's fifth graders presented a one-act skit, "Johnnie Appleseed," at the April meeting of the Meadow Park P.T.A. The class also won the P.T.A. attendance award for the month.

CRENSHAW BOOMS: One of several major business establishments now under construction is the new million-dollar Foods Co. market at 174th street and Crenshaw boulevard. Pictured above as parking lot and interior construction started, the big new market will open in about a month, owner Ben Schwartz estimated.

New Foods Co. Market to Feature Latest Facilities

Construction of the new Foods Co. market at 174th st. and Crenshaw has been speeded up in order that the new supermarket might open as early as possible to serve the thousands of households in the immediate area.

"This newest Foods Co. market will represent an investment of approximately one million dollars," Ben Schwartz, vice-president of the organization stated. "We feel that it will be well worth every penny because it will offer shoppers in the area an opportunity to shop in pleasant, modern surroundings for quality goods at reasonable prices."

Modern Features

This new market will feature all the latest improvements for the convenience of its customers. These improvements will include a huge parking lot with space for more than 300 cars, wide aisles, asphalt tile floors and scientifically planned lighting for easy shopping and 12 checkstands for fast, efficient service.

In keeping with its policy in all its stores, Foods Co. will feature only the finest products at the lowest prices possible, according to Schwartz. To insure this, all foods placed on sale in the new market will be personally selected and inspected by key personnel of the Foods Co. organization.

Quality Foods At Low Prices

For example, all produce placed on sale will be bought the same morning to insure customers of fresh fruits and vegetables.

The responsibility of personally selecting the finest fruits and vegetables for Foods Co. market customers will rest upon Ben Fass, head produce buyer for the entire Foods Co. organization.

It will be his job to visit the produce markets in downtown Los Angeles at 3:30 every morning in order to assure customers of fresh produce at all times.

The meat department of the new market, under the supervision of Irwin Kaser, will feature only Guest Quality meats because they offer the tenderest quality cuts at prices no higher than those of ordinary meats.

As a member of the Golden Creme Dairy Cooperative, the new market will feature Golden Creme products—milk, butter, cream, ice cream and cheese—in its modern, refrigerated dairy department which will be under the supervision of Al Collins.

Because of large quantity buying, company executives state that the customers will be able to buy the finest dairy products for the lowest prices possible.

Delicatessen

The sanitary, spacious 128-foot delicatessen department, supervised by Maurice Zwick, will feature only government-inspected luncheon meats and delicatessen that are highest in beef and meat content and lowest in cost, market officials stated.

To insure customers of this high standard, only Buffet Brand and other popular nationally advertised delicatessen products will be carried.

To assure customers of the lowest possible prices on the finest canned goods, frozen foods, health and beauty aids, and light hardware, all goods of this type featured in the new Foods Co. market will be purchased through Certified Grocers of California.

"It is our hope," Schwartz stated, "to be able to serve the people in this area by the end of May or the beginning of June. I assure you that we are doing everything possible to insure the earliest possible opening of this new market."

43 Trucks Cited in Smog War

Smog violation citations were issued to 43 operators of diesel trucks for excessive black exhaust fumes during the first two weeks of April by the four inspectors of the Air Pollution Control District assigned to the diesel patrol, Supervisor Kenneth Hahn announced today.

During the same period in March, 19 diesel vehicles were cited, according to official figures released by Smith Griswold, Air Pollution Control Officer.

You'll never even guess it's a 'correct' shoe

Child Life ARCH FEATURE SHOES

from

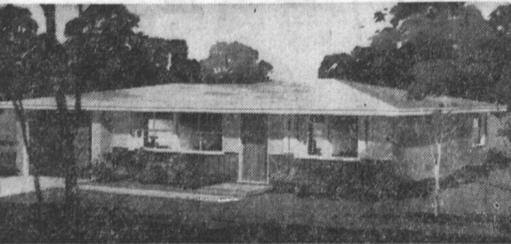

If your child is a victim of pronation — arch and ankle weakness — "correct" shoes are called for. But there is no need to make your little boy or girl conscious of this difficulty before other children... for Child Life Arch Feature shoes look just like "regular" shoes—same identical styles, identical soft upper leathers, identical Cordovan rugged leather soles. Only the "inside" is different — built-in construction that helps ailing feet grow strong and straight.

Come in and see our attractive selection... and let our expert fitters show you what Child Life Arch Feature shoes can do for your little boy or girl.
